

PART B: Social Media Do's & Don'ts

DO's

- Keep your profile professional and clean
- Use strong privacy settings to control who sees your content
- Share educational, informative, or skill-based content
- Verify information before posting or sharing
- Respect others' opinions and communicate politely
- Use a clear profile picture and accurate details
- Build a positive digital footprint (projects, achievements)
- Network with professionals and peers responsibly
- Think before posting — consider long-term impact
- Use social media for learning and career opportunities
-

DON'Ts

- Don't share personal or sensitive information (OTP, address, etc.)
- Don't post offensive, abusive, or inappropriate content
- Don't engage in cyberbullying, trolling, or online fights
- Don't click on suspicious or unknown links
- Don't overshare your personal life publicly
- Don't spread fake news or unverified information
- Don't use informal or disrespectful language in professional spaces
- Don't post content that can harm your reputation
- Don't accept requests from unknown or suspicious accounts
- Don't stay logged in on shared/public devices
